## Are you a site council candidate?

Site Council meets throughout the year to review needs of the school, problem-solve issues, set priorities for future projects and review and reflect on the school process. If you like to dream big and see possibilities, Site Council is the committee for you. Site Council helps provide the blueprint for future projects; we work hand-in-hand with PTA to see these projects to completion.

The recent office renovation was the result of a comprehensive plan developed by Site Council three years ago. The desire of this forward-thinking group of people was to upgrade the look of the building. Since that time, the bathroom stalls have been replaced, the entire school has been painted, water fountains replaced and technology needs have been upgraded.

While we've made great progress, we are now ready to look to the future and develop the plan for the next 3-5 years.

This year there will be a meeting during the day as well as in the late afternoon to accommodate more participants.

The first Site Council meeting will be:

Tuesday  
October 7

9:15 AM—Library  
4:00 PM—Library
