

Field Elementary— An Emergent PYP School

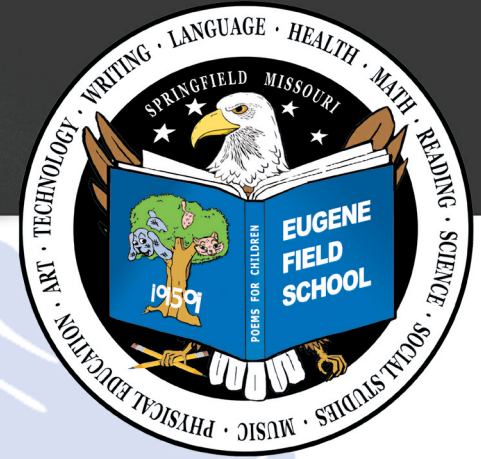

The International Baccalaureate Primary Years Programme (PYP) focuses on the total growth of the developing child, touching hearts as well as minds and encompassing social, physical, emotional and cultural needs in addition to academic development.

International Baccalaureate learners are inquirers, knowledgeable, thinkers, communicators, principled, open-minded, caring, risk-takers, balanced and reflective.

The mission of Field Elementary School is to provide a safe, supportive and challenging learning environment where all students are empowered to develop individual potential and practice skills necessary to become life-long learners.

One can never consent to creep
when one feels an impulse to soar.
—Helen Keller

Field Elementary Partners in Education

A request to our families and our community—

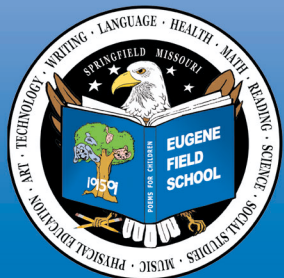

For the past two years, we have partnered with Discovery Center to provide classroom instruction specific to our children's units of inquiry. This program has been of great benefit to every grade level. The kids love this exciting, hands-on learning experience.

In the past, the Discovery Center program was funded by a grant. However, this year that grant was awarded to another deserving organization. To continue bringing Discovery Center's classroom instruction to Field Elementary during the 2008-2009 school year, \$3,000 must be raised. We are asking our families, community leaders and area businesses to help us keep this programming at Eugene Field Elementary.

Please consider becoming a **Field Partner in Education**.

Sincerely,

(signatures here of PTA Pres. and Dr. Col.)
