

Missouri State Medical Association (MSMA) invites MYAA to sign UAD Resolution

It has been brought to MYAA's attention that the Campbell 16 Theater in Springfield began serving 32 oz. beer, martinis and wine in the theater; they allow the alcohol to be taken into the dark theaters as well. The Springfield DWI Task Force and the MSMA forwarded this resolution to MYAA and asked our coalition to endorse it. The coalition voted to endorse the resolution and the MYAA coalition is urging you to share this with other coalitions/groups in your area. Campbell Theaters has many locations around the state of Missouri and while all may not serve alcohol, allowing one sets a precedence for others. Be proactive and see what is happening in your area!
