Letter From Mrs. Jackson:

Here is some information that you should be aware of:

- OPEN HOUSE is next Tuesday—you will be able to check out your child's work in the classroom and sign up for a Parent/Teacher conference. I hope to see you all there!
- We will have homework every night in math Monday-Thursday. I believe it is very important for children to practice their math skills nightly.
- Spelling tests are on Fridays. Your child should study those words on Thursday night, if not every night. Also, they will be responsible for writing those words five times each and turning them in on Tuesdays to Dr. Burns for homework (or Wednesday if there is no school on Monday).
- Be sure that your child is bringing their planner home nightly for you to sign. That is their responsibility.
- Your child is learning leadership skills in class. You should ask him/her about it.
- Call me anytime if you have questions!

Math—We will have a quiz tomorrow over the methods of factoring a number. We have math homework every night, Monday-Thursday. Your child can bring their math book home with them to assist with the homework. Additionally, your child should be reviewing their multiplication facts. We will be testing over these facts soon.

Spelling Words—Test on Friday

zebra, welcome, penny, pedal, legal, prefix, eager, sweeten, effect, helmet, preview, delete, clever, credit, between, velvet, reveal, temper, reason, seldom
